

Steel effect duct system

Item	Colour	BxH mm	Section \varnothing mm	L mm
CGO112AC	steel	120x60	100	124
CGO157AC	steel	150x70	125	132

Description: Connector flat/round

Material: ABS plastic

Features: The horizontal connector with FF inlets allows you to go from a round tube to a rectangular one (and vice versa). It is part of the ducted ventilation system which allows rapid evacuation of vapors (max 80°C) and unpleasant odors from environments such as kitchens or bathrooms and a healthy exchange of air.
